Respond to ALL discussion questions in the discussion area AND respond to ALL topics. Your initial post should be at least 100 words and contain references; excluding references. In addition, respond to at least two of your colleagues’ posts with meaningful comments in accordance with the syllabus. Each post should be at least 50 words. Please be sure to cite all of your sources.

Discussion responses should be on-topic, original, and contribute to the quality of the discussion by making frequent informed references to lesson material. After your initial response, make two or more responses to classmates that are thoughtful and that advance the discussion. All three responses should be made over three separate days. Before submission, remember to review the discussion rubric and apply APA citation and formatting style where appropriate. Do not forget to do a grammar check and a spellcheck as well.
